

# GOODTIMES AT HOME

## RECREATE A CAMP PHOTO!

### Materials

- Camp photo
- Anything from your house
- A camera!

### Instructions

We all need a little bit of camp right now, and nothing brings back the memories of camp like looking through old camp photos and videos. Inspired by museums who are asking people to try and recreate some of their famous paintings with things found around their house, we are asking our camp families to recreate your favourite camp photo in your own house! Get silly, get creative, and bring the camp spirit right into your living room.

Here is an example of a recreated photo:

Canadian  
Cancer  
Society

**CAMP  
GOODTIMES**

So here's what you do:

1. Find a photo on the Camp Goodtimes Facebook page from a summer camp session that you want to recreate
2. Find household objects to help you dress the part and create your scene
3. Take a photo of your recreation!

Send us your original and recreated photo for us to share on our social media. We hope that this brings back some good camp feelings and gets those creative juices flowing. We can't wait to see what you create!
